

Registration Amendment Application No. \_\_\_\_\_  
Application Rec'd: \_\_\_\_\_  
Fee Rec'd: \_\_\_\_\_  
New Well Construction Rec'd: \_\_\_\_\_

**(Under 100 feet)**

**Fee required:** A registration application fee of \$1,000.00 must accompany this application. Only personal or cashier's checks or money orders made out to the Southern Trinity Groundwater Conservation District or STGCD will be accepted. **NO CASH PLEASE.**

☐ Individual
 ☐ Partnership
 ☐ Corporation  
☐ Governmental Entity
 ☐ Estate/Trust/Guardianship

E-mail Address: \_\_\_\_\_

E-mail Address: \_\_\_\_\_

### **Part III - Well Information**

A. Identify the location of the proposed well by legal description:

\_\_\_\_\_

B. Identify the physical address of the property upon which the proposed well will be located:

\_\_\_\_\_

C. Identify the location of the proposed well by latitude and longitude:

Latitude in decimal: \_\_\_\_\_

Longitude in decimal: \_\_\_\_\_

D. The size of the tract of land the proposed well site is located, including the total number of acres owned by the registrant upon which the proposed well is or will be located:

\_\_\_\_\_

E. Briefly describe the specific intended use of the water. Also indicate the approximate amount of water to be used annually for each purpose of use. If the proposed well will be used for more than one purpose, please indicate the approximate amount to be used annually for each purpose.

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

F. Will the water produced be used on the property where the proposed well will be located? \_\_\_\_\_

If no, please explain \_\_\_\_\_

\_\_\_\_\_

G. Will the proposed well be located on a site that complies with the well location and spacing requirements set for the in-Subchapter B of Chapter 6 of the District Rules? \_\_\_\_\_

If no, please explain \_\_\_\_\_

\_\_\_\_\_

H. The proposed total amount of groundwater to be withdrawn from the proposed well per year:

\_\_\_\_\_

I. The estimated rate of withdrawals from the proposed well: \_\_\_\_\_ gpm

### **Part IV - Well Construction Information**

A. Identify the well driller who constructed or who is proposed to be used to construct the well:

Driller Name: \_\_\_\_\_

Driller's License No.: \_\_\_\_\_

Telephone No.: Home ( ) Business ( ) Fax ( )

Mailing Address: \_\_\_\_\_

(Street or PO Box)

(City)

(State)

(Zip)

Physical Address: \_\_\_\_\_  
(Street) (City) (State) (Zip)

E-mail Address: \_\_\_\_\_

B. The maximum rate of withdrawal that the proposed well will be equipped to produce \_\_\_\_\_ gpm

**Part V - Supporting Documentation**

Please ensure that your application includes the following supporting documents, as applicable:

- ☐ A copy of a recorded deed or other legal documents verifying the registrant's ownership of or legal authorization to drill and own a well on the land upon which the proposed well will be drilled.
- ☐ A copy of any well drilling and completion report, driller's logs, geophysical logs, or well equipping report which pertain to the well; and
- ☐ A copy of any permit issued by the Railroad Commission of Texas relevant to the well.

**Part VI - Certification†**

STATE OF TEXAS

§

§

COUNTY OF MCLENNAN

§

I, the undersigned registrant, subscribe and affirm that:

(1) the well will be installed, equipped, operated, maintained, and closed in a manner to preserve, protect, prevent the pollution, degradation, or harmful alteration of, control and prevent the waste of, prevent the escape of, and achieve the conservation of groundwater.

(2) I intend the well to be installed, equipped, operated, maintained, and closed in accordance with the manufacturer's standards, instructions, or recommendations, as may be applicable and with applicable local, state, and federal law; and

(3) the information provided herein is true and correct and it shall be considered to be a fraud upon the District to knowingly give erroneous information in this application.

Signed: \_\_\_\_\_

Date: \_\_\_\_\_

Printed Name: \_\_\_\_\_

Title: \_\_\_\_\_

BEFORE ME, a notary public, on this day personally appeared \_\_\_\_\_ who stated that: (1) he/she has read the foregoing registration and any supporting attachments and that the statements contained therein are true and accurate; and (2) that he/she is duly authorized to sign this registration.

Subscribed and sworn to before me on this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_

\_\_\_\_\_  
Notary Signature

† *If the registrant is an individual*, the registration shall be signed by the registrant or a duly appointed agent. An agent shall provide written evidence of his or her authority to represent the registrant. If the registrant is an individual doing business under an assumed name, the registrant shall attach to the registration an assumed name certificate filed with the county clerk of the county in which the principal place of business is located or with the Texas Secretary of State.

*A joint registration* shall be signed by each registrant or each registrant's duly authorized agent with written evidence of such agency submitted with the registration. If a well or proposed well is owned by both husband and wife, each person shall sign the registration. Joint registrants shall select one among them to act for and represent the others in pursuing the registration with the District with written evidence of such representation to be submitted with the registration.

*If the registration is by a partnership*, the registration shall be signed by one of the general partners. If the registrant is a partnership doing business under an assumed name, the registrant shall attach to the registration an assumed name certificate filed with the county clerk of the county in which the principal place of business is located or with the Texas Secretary of State. The name of the partnership must be followed by the words "a partnership."

*If the registrant is an estate or guardianship*, the registration shall be signed by the duly appointed guardian or representative of the estate and a current copy of the letters testamentary issued by the court shall be attached to the registration.

*If the registrant is a corporation, public district, county, municipality or other corporate entity*, the registration shall be signed by a duly authorized official. Written evidence in the form of bylaws, charters, or resolutions specifying the authority of the official to take such action shall be submitted along with the registration. A corporation may file a corporate affidavit as evidence of a corporate official's authority to sign.

*If the registrant is acting as trustee for another*, the registrant shall sign as trustee and in the registration shall disclose the nature of the trust agreement and give the name and current address of each trust beneficiary. The registration must designate the trustee's name followed by the word "trustee," and the name of the trust for which the trustee is acting.

**SUPPLEMENTAL INFORMATION**  
**From Well Driller**

**I. Well Information**

1. Identify the well driller to be used to construct the well in question:  
Driller Name: \_\_\_\_\_  
State Driller's Lic.: \_\_\_\_\_  
Mailing Address: \_\_\_\_\_  
Telephone : \_\_\_\_\_
3. State the proposed date that well construction operations are to begin: \_\_\_\_\_
4. Identify the physical address of the property upon which the well is or will be located:  
\_\_\_\_\_
6. Identify the location of the well or proposed well by latitude and longitude in decimal form based on readings from a global positioning satellite accurate to within at least 50 feet:  
  
LATITUDE IN DECIMAL: \_\_\_\_\_ Example: 31.000000  
LONGITUDE IN DECIMAL: \_\_\_\_\_ Example: -97.000000
7. State the proposed total amount of groundwater to be withdrawn from the well (or proposed well) per year in acre-feet (325,851 gallons = 1 acre-foot): \_\_\_\_\_
8. State the maximum rate of withdrawal that the well will be capable of (in gallons per minute [gpm]): \_\_\_\_\_
9. Identify the intended total depth of the proposed well: \_\_\_\_\_
10. Identify the intended total depth of well's cement casing: \_\_\_\_\_
11. Describe the cementing methodology to be used for the well: \_\_\_\_\_
12. State the predicted depth to the top of the targeted water-bearing strata: \_\_\_\_\_
13. Identify the water-bearing strata(s) from which the proposed well will be designed to make withdrawals:  
\_\_\_\_\_
14. Identify the type of pump to be used on the well:  
☐ Submersible   ☐ Turbine   ☐ Jet   ☐ Other (please specify) \_\_\_\_\_
15. Identify the energy source for the well pump:  
☐ Electric   ☐ Diesel   ☐ LP Gas   ☐ Windmill   ☐ Other (please specify) \_\_\_\_\_
16. Identify the size of the pump motor to be installed: \_\_\_\_\_ horsepower
17. State the internal diameter of the casing for the proposed well: \_\_\_\_\_
18. Will the water produce from the well be used on the property where the well will be located?   ☐ yes   ☐ no

If no, please identify where the water will be put to use: \_\_\_\_\_  
\_\_\_\_\_

19. Will the proposed well be situated in a location that fully complies with the well location and spacing requirements set forth in subchapters A and B of Chapter 6 of the District's Rules?  
☐ yes      ☐ no

If no, please identify every instance of non-compliance: \_\_\_\_\_  
\_\_\_\_\_

20. Pollution/waste from well will be prevented and groundwater will be conserved:  
☐ yes      ☐ no

21. Well will comply with manufacturers' standards:  
☐ yes      ☐ no

\_\_\_\_\_  
Well Driller Signature

\_\_\_\_\_  
Date

**The following information is requested for the completion that may be used for the Well Life Program**

- a. Borehole diameter of well shall not exceed \_\_\_\_\_ inches.
  - b. Internal diameter of well casing shall not exceed \_\_\_\_\_ inches.
  - c. External diameter of casing shall not exceed \_\_\_\_\_ inches.
  - d. Total well depths shall not exceed \_\_\_\_\_ feet.
  - e. Total depth of well casing shall not exceed \_\_\_\_\_ feet.
  - f. Type of casing to be used: \_\_\_\_\_ Prime Grade Steel
  - g. Casing shall be cemented from surface to no less than \_\_\_\_\_ feet to top of screens
1. The pump installed on the well must conform to the following specifications:
- a. Pump size shall not exceed \_\_\_\_\_ horsepower;
  - b. Pump shall not be capable of pumping more than \_\_\_\_\_ gpm; and
  - c. Pump shall utilize the following pump method: \_\_\_\_\_ pump
